Skin Care Systems

After many years of dedication to the care of skin, Pibbs' has designed mobile, unitized skin treatment centers consisting of all that is needed for vapor misting, cleansing, toning & ionization to help achieve the healthy flawless complexion of youthful skin. The 2400, 2500 & 3500 are completely mobile, they may be moved from patron to patron adding greatly to their usefulness. All parts that come in contact with a patron can be easily detached & sanitized. Requiring a minimal amount of space & investment, Pibbs Skin Care Centers will provide a profitable investment for your salon or spa.

All systems are made in Italy & USA.

TERRADERMA[®]

ITALY

Introducing the most advanced, natural, professional skin care products.

Following extensive research and development, Pibbs has created Terraderma, one of the most advanced, natural and professional skin care product lines available. Terraderma skin care products help to bring out the most healthy, youthful complexion possible for all different skin types. Terraderma products provide natural solutions to skin care problems while respecting the environment. They are free of invasive preservatives, fillers and chemical stabilizers.

The botanically derived active ingredients in Terraderma Skin Care Products cleanse, exfoliate, condition, moisturize and hydrate the skin.

Terraderma products are free of harmful parabens, mineral oil, lanolin, petrochemicals, glycols, sulfates and silicones and are packaged in ecologically conscious recycled plastic and paper. Terraderma products are never tested on animals.
